Hi Dana – I would look at the overall description of uses, etc. to see if anything jumps out at you as being incorrect.

Steve and Dana –

Please take a look at the project descriptions for chlorpyrifos and malathion to see if they are accurate ( they look to be ~ 3 pages). Khue is looking at diazinon. I will read these over next week as well. Let me know if you have any comments (we should plan to get back to the Services next week).
